

Invitation to ISO TC42 HDR Experts

The ICC is hosting an ICC HDR Stills Experts Day on the topic of supporting ISO HDR stills in ICC color managed workflows. This session will share the latest developments from ISO, ICC, W3C, and PDF HDR working groups. The primary goal of this session is to begin the process of defining open specifications and standards for supporting ISO HDR stills in ICC color managed workflows in a vendor-neutral manner.

This meeting will take place on February 19, 2024 in Tokyo, Japan. More details will follow at:

https://www.color.org/events/hdr/tokyo2024_expert_day/tokyo2024_hdr_stills_expert_day.xalter

Thank you,

Eric Walowit
